Keeping an "A" is harder than getting an "A."  
Almost anyone can get an "A" once.  
But keeping it, that's an accomplishment.

Just as all life is full of hazard, all life is full of risk. However, the concept of risk can have varying meanings depending on the context. Just as it is used differently by insurance specialists versus stockbrokers or physicians, disaster managers employ their own deviation on risk. It is not uncommon, for example, for the term to be used in a positive manner to mean "venture" or "opportunity." Such variance in use may come from the word's multiple origins. The Arabic *risq* means "anything that has been given to you (by God) and from which you draw profit," possibly explaining why some may use the term in relation to fortune or opportunity. However, the Latin *risicum*, which describes a specific scenario faced by sailors attempting to avoid the danger posed by a barrier reef, seems a more appropriate derivation for use in relation to disaster management, where the term's connotation is always negative.

Checking through my records, I noticed that you were no longer an active customer of Myers Office Supplies. We feature a wide array of legal- and letter-size folders, as well as a variety of color-coded hanging folders. When Steve Jobs was in the eighth grade he decided to make a frequency counter. Lacking the proper parts, the bold twelve-year-old opened the phone book and dialed one of his heroes, Hewlett-Packard CEO Bill Hewlett. Hewlett answered the phone and, amazingly, chatted with Jobs for twenty minutes about his school project. By the end of the call, Hewlett agreed to provide the parts Jobs needed and later offered Jobs a summer job at HP, on the frequency counter assembly line! The thing to remember about Steve Jobs, Bill Hewlett, and most other successful people is that

they didn't get to where they are without help. In fact, most successful people see it as their responsibility and privilege to help the next generation of entrepreneurs, leaders, and innovators in their journey. So if you have access to someone you admire, be bold. Politely ask for thirty minutes of their time, no matter how "big time" they are, and you might be surprised at the response you receive.

It is \_\_\_\_\_ (A) \_\_\_\_\_ for successful celebrities to have been provided help from the previous generation and \_\_\_\_\_ (B) \_\_\_\_\_ the next generation.
